Together We Succeed

Westborough High School offers a range of support and interventions for children, young people, their families and carers. With highly trained staff and links with external agencies, Westborough is able to identify need and offer tailor made packages of support both in school and in the community. Success can be achieved through a partnership between home and school. Our mutual aims are to emphasise the belief that the best outcomes are provided when school and parents work closely together and our responsibilities are clearly stated.
