

April 2021

Dear parent/carer

We are delighted that (pupil name) will be joining Westborough High School in September 2021 and look forward to meeting both you and (pupil name) over this term and to working with you over the next five years to make sure that (pupil name) gains the most from their time with us.

Whether this will be your first child joining us or you already have children within our school community, we are excited to welcome you all.

Our transition programme is in the final stages of planning and we will write to you soon with more information about this.

We understand that (pupil name) may be both excited and apprehensive about starting high school in September but we are confident that we are fully able to prepare our new pupils so they can have the best possible start to their time at Westborough High School.

Take care and stay safe.

Yours sincerely

A handwritten signature in black ink, appearing to read 'H Kilkeny', with a long horizontal flourish extending to the right.

Mrs H Kilkeny
Deputy headteacher
