

To score points in
week 1, get your team in by
1830 on Friday 5th August.
Good luck!

Westborough High School FANTASY FOOTBALL 2022-23

What is Fantasy football?

At Westborough High School, we run a fantasy football league every year. This is an extra-curricular and cross curricular activity in which teachers, students, and students family members go head to head in a great friendly competition. Teachers have won the competition every time in recent years. Can we get a student or family member beating the teachers this time? Take inspiration from the Lionesses and get involved. You are all welcome, and encouraged to join our fantasy football league this season.

In fantasy football, you experience being a leader as you get to manage your football team. You will use some use maths, ICT, business, and PE skills to spend your £100, 000, 000 wisely on a squad of 15 players. As the season progresses, you can make player transfers to make your team better. If your players do well, you get more points. We have an updated league table (online) showing each week how we are doing.

How to take part

1. Either download the Premier League app, or go to the website www.premierleague.com
2. Register yourself with email and a password or login if you have done it before.
3. Click on “Fantasy” and start picking your squad.
4. Click on “Leagues” and enter the code to join the Westborough league: **y1aufh**
