

General introduction

We use the OCR exam board.

How will students be assessed

Students are assessed by completing two exams (90 mins) at the end of year 11.

Paper 1: Computer Systems

Paper 2: Computational Thinking, algorithms and programming

How can parents help plan for success in the GCSE exams?

Pupils have been given a revision guide and workbook. They should be using these to go over what they learnt in class and answer exam question in the workbook.

Best websites for GCSE Computing revision

Youtube: CragDave j277 videos. These have been created with the OCR exam board in mind. They are short and concise and easy to digest.
