

MOCK EXAM – Complete mock exams which test your knowledge and understanding of the GCSE topics you have studied.

CEW best bits – Although this unit won't be examined this year, some knowledge is still key. Find out what in this unit.

REVISION – Begin in-class revision to supplement the revision you are already completing in your own time and during intervention.

RESULTS – Your Geography journey at Westborough is now complete! Congratulations and good luck in your future!

YOUR FUTURE

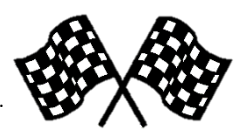

Urban Issues – Can London cope with the many challenges its growth has caused? Are the opportunities there for everyone? How is it trying to manage urban deprivation?

Unseen Fieldwork – how can we apply our fieldwork skills to different areas of the curriculum?

Pre-Release – A mystery topic for us to make a decision about, released by the exam board in March of your GCSE year.

GCSE EXAMS – Complete the 3 Geography exams.

Coasts of the UK – Investigate the physical forces that have created the UK's dynamic coastlines.

MOCK EXAM – Complete mock exams which test your knowledge and understanding of the GCSE topics you have studied.

YEAR 11

Fieldwork – Design, carry and evaluate out two pieces of fieldwork, one human and one physical.

REVISION – Begin in-class revision to supplement the revision you are already completing in your own time and during intervention.

Urban Issues – As a growing megacity, Lagos has both challenges and opportunities. Find out what these are and what they mean for the local people they affect most. Can London cope with the many challenges it faces? Are the opportunities there for everyone?

OPTIONS CHOICES – Decide whether or not to continue on your Geography journey towards the end of Year 9.

Nigeria – Discover the natural and human features of the Nigeria, its challenges, opportunities and the most controversial issues it faces.

Living World – Explore the locations, key characteristics, challenges and opportunities of the world's most exciting biomes! From the Thar Desert to the Amazon Rainforest!

YEAR 10

Disease – how do they spread? Do diseases vary based on where you were born? What health inequalities exist within Dewsbury? All this and more!

Tectonic Hazards – find out what causes tectonic hazards, the impacts they have and compare two contrasting earthquakes.

Resource Management – Food, water and energy. Is there enough of each to go round? How can we manage what we have?

Global Connections – The UK is more than an island. Find out how our global connections shape our daily lives.

Climate Change – It is the biggest global health threat of the 21st century but what will this mean for us? Is it already too late?

Weather Fieldwork – How do we measure and predict weather? How do we complete geographical investigations?

Russia – as a superpower, Russia is a global force. Find out about it's human and physical geography, as well as how it influences the world around it.

YEAR 8

Global Issues – Plastic, conflict, wilderness loss and tourism are having an impact on our planet. But how much of an issue? Should we be worried?

LBA Fieldwork – Leeds Bradford Airport is expanding, what are the impacts on West Yorkshire?

Population and Migration – Explain the reasons for the gap between the world's poorest and richest and explore what can be done to fix it.

Yorkshire – Find out what makes Yorkshire unique. Our spectacular landforms and interesting national parks are waiting to be explored!

Africa vs. Asia – These two continents are rapidly developing but how do they compare?

River Calder – The hills and valleys of Dewsbury were created by the River Calder, but does this river still influence our lives here?

Local Geography – investigate the key features of our local area using OS map skills. Learn the physical and human features of the landscapes around us.

TASTER DAY – Join us for an experience of a 'typical' day at Westborough High School.

OPEN EVENING – Come and discover the exciting opportunities that Geography at Westborough has to offer.

Development – Explain the reasons for the gap between the world's poorest and richest and explore what can be done to fix it.

Global Geography – Discover and explore some of the most interesting places our planet has to offer. From Dubai to Death Valley, get ready to explore!

welcome

YEAR 7

PRIMARY SCHOOL
